Message from IAGES Secretary

Dear friends

It gives me immense pleasure to invite you to the FIAGES course at Jaipur between January 15 -17, 2026.

Laparoscopy has become an integral part of elective general surgeries. FIAGES is a flagship course offered by IAGES, where the topics range from basics like principles to advanced like robotics. This course addresses lot of topics which were not covered in detail in a practical manner during the post-graduation, but are essential for our understanding of the technique and technology.

Hands on teaching and training on Endo trainers will enable each candidate to understand the nuances of Endo suturing and give them a structured guidance to practice and become proficient in Endo suturing.

Meet the professor session is a closed group discussion with senior surgeons, where the candidates can discuss without inhibition all the queries they have regarding surgical practice, techniques or guidance for their future.

Dr. Rajendra Bagree and his team are leaving no stone unturned to give you a memorable course and practice enhancing experience.

Regards,
